

Northeast Green Summit

Fifth Edition
@ IIT Guwahati

Nodal Centre &
Knowledge Partner
@ Barak Valley

16th -18th November 2020

ART, MUSIC, BRAINSTORMING ON ENVIRONMENT	FOCUS ON CORONA BIO-DISASTER AFTERMATH: SUSTAINABLE YARDSTICKS TO SAVE OUR PLANET
---	--

Dear Sir/Madam,

Greetings !!!!

We are pleased to inform that, the *Fifth Edition of Northeast Green Summit will be held from 16th to 18th November 2020 at IIT Guwahati*, in which *National Institute of Technology Silchar, Assam will be the Nodal Centre & Knowledge Partner in Barak Valley*. The Northeast Green Summit was initiated in 2016 to raise awareness and empower people with the knowledge of the rich and diverse natural habitat, bio-diversity and cultural heritage that the North Eastern region of India is bestowed with. Following four successful Summits in 2016, 2017, 2018 and 2019, the Northeast Green Summit 2020 in its Fifth Edition aims to focus on **CORONA BIO-DISASTER AFTERMATH: SUSTAINABLE YARDSTICKS TO SAVE OUR PLANET** by bringing together stakeholders from all walks of life to deliberate, share experiences and propose solutions to some of the unique challenges being faced in the region. The pandemic has led to a deeper understanding of the ties that bind us all on a global, national and regional scale to deal with the climate crisis. Promoting conservation and sustainable development, besides highlighting success stories from these domains, would be undertaken during the Summit.

The objective of the three day Summit is to provide a platform for academicians, research scholars, industry leaders, student organisations, civil society representatives, media persons, NGOs, Institutions, etc to deliberate the key points on:

- ❖ *Shutting down markets and routes where wildlife trade is rampant, inside and adjoining NE India.*
- ❖ *Boosting alternative sustainable livelihood options post COVID-19 pandemic through skilling and other employment avenues.*
- ❖ *Emphasis on medicinal plants, agriculture, horticulture, food processing and allied sectors, where NE India has an edge.*
- ❖ *Tourism sector revival and tapping creative, ecofriendly alternatives. Economic revival with judicious intervention of biotechnology.*
- ❖ *Improved disaster mitigation preparedness for vulnerable NE India.*
- ❖ *NE India perspectives post-corona on climate change, flood and water resources management.*

INVITATION FOR PAPERS

Research papers are invited from all stakeholders including research scholars, academicians, entrepreneurs, Govt. department officials & NGO activists for the forthcoming Northeast Green Summit 2020 on the themes given below. Participants can submit paper on any of the key issues or issues related to the main theme of the Summit.

- Theme 1:** Sustainable Livelihood Options after Corona pandemic: Possibilities in Tourism, Tea Tourism and Skill Development.
- Theme 2:** Sustainability in Horticulture and Medicinal plants in Northeast for national and international linkage.
- Theme 3:** Boosting Food Processing Industries in NE India: Fruit and vegetables processing to boost rural livelihoods after Corona crisis.
- Theme 4:** Climate Change, Flood, Water Resources Management: NE India perspectives after Corona.
- Theme 5:** Combating Wildlife & Forest Crime in Northeast India during & post Covid -19.
- Theme 6:** Bio-economy Research & Innovation for Post Covid world.
- Theme 7:** Management of epidemics in India & NER.

POSTER PRESENTATION

Aligned to the above themes, participants also have the option for poster presentation in lieu of full paper.

Registration is open for both participants (without paper) as well as for paper presenters.

For Registration Log on to: www.negreensummit.org

Selected papers, after peer review will be published by Vibgyor N.E. Foundation in the form of edited volume with ISBN number & Copyright of the Foundation.

For information's related to Mode of Paper Submission, Registration, Important Dates and programme schedule for the three day Northeast Green Summit, please refer the attached NEGS Flyer 2020.
