NOTICE

This is for information of all concerned that the Govt. of India has initiated an online education Program called "SWAYAM" developed by Ministry of Human Resource Development (MHRD) and All India Council of Technical Education (AICTE). It provides around 2000 courses, covering school education, under-graduate, post graduate, engineering, law, and other professional courses. The Courses hosted on the SWAYAM are divided in 4 quadrants:

- a. Video Lecture
- b. Study Materials (can be downloaded/printed)
- c. Self-Assessment Tests
- d. Online Discussion forum for doubt clearance

All the courses are conducted and prepared by the best faculty members of India. More than 1000 specially chosen faculty members across the country have participated in preparing these courses. SWAYAM is providing these courses free of cost to the learners; however, students desiring to earn grades need to register with a minimum fees. The marks/grades secured in this exam could be transferred to the academic records of the students. NIT Silchar is also looking for incorporation of SWAYAM courses in the curriculum. For all details in this regard, www.swayam.gov.in may please be visited.

All students, learners and faculties are requested to go through the courses of their interest in the SWAYAM platform and draw maximum benefits from these free courses.
