

Postponement of MIND-2020 Conference due to COVID-19

Due to the evolving public health concerns and travel advisories issued for avoidance of non-essential travel in view of COVID-19, the organizers of the 2nd International Conference on Machine Learning, Image Processing, Network Security and Data sciences (**MIND-2020**) **have decided to postpone the conference**. As of now, the conference is re-scheduled on **18th – 19th June 2020**. However, if further Government notification/order/advisories is/are issued debarring public gathering, travel etc., the conference organizers may have to re-schedule the dates further. The team of MIND-2020 feels that this is the best option to prioritize stakeholders' health and safety. Registered Author(s)/Participant(s) are requested to visit the conference website for all future updates regarding the conference.
